

47' Cheoy Lee Seamaster full displacement vessel, with a dry stack exhaust  
RARE (they only built seven) Bill Garden design. WHY seven you ask Well, for those old enough  
to remember 1973 you will remember that this was the year the OIL CRISIS started, fuel became  
hard to find- and the US entered a major recession. The dollar was weak weak weak, and  
imports became expensive expensive expensive. Prices for anything built from oil sky rocketed!  
Worse than 2008 for the power boat business.

These were built in Hong Kong

ALL FIBERGLASS CONSTRUCTION. That includes ALL tankage. Fiberglass (from factory) Fuel,  
Water, and holding tanks. No teak decks. All fibreglass

Wildest Dreams spec:

Caterpillar engine 3160

Transmission MG-506

Generator Farymann 18w435 purchased 12/15/15 (please note company out of business  
currently non op)

Watermaker Rainmaker purchased 1/5/17

Marine computer Island computer custom built 2013

HD Monitor Argonaut R515 purchased 8/14/13
